

## Marie Biancuzzo's Picture Perfect Seminar

### Goal

To enable first-time candidates and certified lactation consultants to pass the IBCLC exam.

### Objectives

- State at least 5 visual elements in a photograph which provides clues that distinguish one clinical condition from similar but different conditions.
- Accurately identify normal and abnormal conditions that may be found on the skin of the breastfeeding mother or her infant.
- Accurately recognize conditions of the mammary gland that may occur as a result of lactogenesis, congenital defects, trauma, or infection (including MRSA).
- Relate growth and developmental milestones to photographs of infants and children.
- Interpret charts, diagrams, drawings, and other graphic media related to breastfeeding, statistical measures, and related data.

### Credits

This course is approved for 5.2 L-CERPs, 5.2 contact hours, and 5.2 CPEs at Level II for dietitians. Breastfeeding Outlook is approved by the California Board of Registered Nursing, provider #CEP15628.

- Breastfeeding Outlook is accredited as a long-term provider by the International Board of Lactation Consultant Examiners.
- Breastfeeding Outlook is approved by the California Board of Registered Nursing, Provider Number CEP 15628, accepted in all states in the United States.

### Requirements for Obtaining Credits

- Attend all sessions of the live seminar.
- Complete the course evaluation.

### Expiration

- This is a live seminar. Credits are issued at the end of the day.

### Details

#### *Course Design*

This one-day seminar guides you in continuing to prepare for the IBCLC exam and sharpens your clinical expertise. Marie will help you to interpret over 200 pictures of breastfeeding dyads.

#### *Live Session*

The live portion of this course will be held over one (1) day, from 8:30 AM to 4:15 PM. Seventy-five (75) minutes will be allocated for lunch on your own. Light refreshments will be provided during the breaks.

#### *Breastfeeding Mothers Policy*

Quiet babies in arms (non-mobile and younger than 5 months old) are welcome. However, crying babies or noisy, active babies make it very difficult for the mother and other participants to concentrate on course material. We encourage you to bring a caregiver to look after your baby's needs outside of the learning room during the course. If you bring your baby, please choose a seat that allows you to leave the room as needed. It is likely you will need to step out of the room to attend to your baby's needs throughout the day.

### Cancellations

Only written cancellations received prior to the cancellation deadline are eligible for a refund; no refunds will be issued after that date. All refunds are subject to a \$50 administrative fee and will be issued within 30 days of the receipt of written cancellation. Substitutions are allowed, but please notify our Registrar at 703-787-9894 as soon as possible. In the unlikely event that a program is canceled, Breastfeeding Outlook will refund the registration fee in full, but is not responsible for any travel, hotel, or other costs you may incur.
